## FIGHT FOR ECONOMY.

### Taxpayers' Bill is Introduced.

Legislative Battle on "Forty Fat" Commissions Starts in Assembly.

Insurrection from Machine Rule in Full Swing in Both Branches.

BY A STAFF CORRESPONDENT.

(EXCLUSIVE DISPATCH.)

SACRAMENTO, March 26.—With the introduction of the State government bill, drawn by the Taxpayers' Association of California, in the Assembly this afternoon the insurrection of the taxpayers against the State machine is in full swing.

All compromises have been declared off.

Both sides are standing pat and the result is on the knees of the gods who in this case are the million and odd voters of the State. Vox Populi, Vox Dei. The machine fought to the last to block the introduction of the bill; for the pay-roll brigade doesn't relish submitting its cause to a jury of taxpayers.

They say it will be stacked against them. Perhaps they are right.

So the machine is going to hold on to the job for the next two years, trust that war, earthquakes or cooties may distract the attention of the voters from financial matters on election day.

Assemblymen Carter and White introduced the bill jointly in the lower house.

Senator Irwin of Bakersfield, a Democrat, will introduce the measure in the upper house tomorrow. He would have introduced it this afternoon but was barred by a technical Senate rule which permits the introduction of bills only at the morning session.

It is with design that the bill is made a bi-party measure. If it should be refused passage by the Legislature a bi-party conference will be called for the session close to consider submitting the measure to the voters as an initiative act at the general election next year.

Democrats and Republicans caucused and agreed that the bill should be submitted jointly, in order that neither of the big parties should be able to make political capital out of it.

The bill itself should be familiar to most of the readers of The Times. It is the plan prepared by the Taxpayers' Association and endorsed by the Association for Better Government. The details were published in The Times two months ago, and then received editorial endorsement. Under its provisions the 111 State commissions and departments will be consolidated and reduced to 40.

The departments will be as follows:

Finance, Commerce and Labor, Law, Sanitation and Hygiene, Charities and Welfare, State Printing, Defective, Public Works, Natural Resources, Conservation, Department of Defense, Education.

Under Finance will be grouped the Board of Equalization, State Controller, State Treasurer, Board of Control, State Printing Office and Civil Service Commissions. Its functions will be to determine all questions of financial policy and investment of funds, and to perform the duties of the Civil Service Commission.

Commerce and labor will be equally important. Under that department will be grouped the Railroad Commission, Blue Sky Commission, Industrial Accident Commission, Labor Commission, Immigration and Housing Commission, Industrial Welfare Commission, State Market Commission, Weights and Measures Commission, and about twenty little non-descript commissions that have prospered, each as a separate dynasty.

Organization of the department of law hits a solar plexus blow to the happy holders of more than 100 licenses. Its functions are brief but sweeping. It provides that the Attorney-General shall handle all law work of the State government, including departments, commissions, etc.

OUR ATTORNEYS.

Nearly every commission now has its private attorney, and the State pays nearly \$100,000 a year for legal services alone.

The department of natural resources exercises wide supervisory power over questions relative to water, land, agricultural animal industry, mining, horticulture, etc., even down to the weed and parasite commissions. Sanitation and hygiene simply places all the commissions and departments having to do with health and hygiene under the State Board of Health.

The department of education would have supervision over the State library, State normal schools, foundations and orphan asylums, text-books and other educational material.

## ATTENTION!

Times "Want Ad" Patrons.

The national daylight-saving law will become effective at 2 o'clock Sunday morning, March 30.

This necessitates the gaining of one hour in the mechanical department of The Times before 3 a.m. Sunday in order that the big Sunday issue of March 31 may be delivered to subscribers at the usual hour.

To accomplish this purpose without omitting any of the thousands of "want ads" that will be offered for publication in the Sunday Times, it will be necessary for "w-a-d" patrons to bring, telephone or send their advertising copy to The Times' main branch office at the earliest practicable moment Saturday or earlier this week.

Attend to this important matter at once; don't delay until the last moment.

Times "want ads" are wonderfully effective sales agents, and almost any desired end can be attained by their constant use.

## JOINT TREATY TO CLOSE WAR.

(Continued from First Page.)

We have just as much right to be included in the peace treaty with those countries as to be represented upon commissions which are carving up Turkish and Bulgarian territory and awarding it to other nations. Incorporating all four treaties in a single instrument admittedly delays peace, but that delay automatically gives more time to redrafting the League of Nations covenant which is far from complete even when rewritten, as the international lawyers get the next whack at it and then their suggested changes must be acted upon.

The commission decision to deal with all four enemies together mollified the Italians considerably and the next objections are expected from the Japanese, who probably will demand that Kiao Chau be decided at the same time.

A conservative expert guesses places May 1 as the earliest time the treaty can be handed to the enemy states, but that is no indication of when the treaty will be signed as they will have the right to discuss the covenant and surely will demand changes and modifications.

RUSSIA TO FORE.

The return to Paris of one of the attaches of the American peace delegation, who has been in Petrograd and elsewhere in the Bolshevik Russia, has given rise to a report that there is under consideration a renewal of the plan for bringing the Russian factions together, either directly or through the intermediation of third parties.

If it is not feasible, the plan as reported is to develop clearly the aims and propositions of the soviet government, so that the problem of the future relations of Central Russia with the "Entente" and the United States can be dealt with in the light of full information.

As none of the American delegates or others attached to the commission who have been especially interested in the Russian situation feel at liberty to discuss the matter, it is impossible at present to confirm the report.

The technical experts of the American peace delegation have been considering the plan to include all four enemy powers in one peace treaty. The fact that the United States was never at war with Turkey and Bulgaria complicates the matter, but the opinion of American experts is to the effect that it is not insurmountable and that it is feasible for the United States to sign such a quadruple treaty with an explanatory statement that the United States accepts such conditions of the treaty as directly affect it.

REPORTS RUSHED.

Preparatory to the execution of the plan without delay in case it should be adopted, the commissions on reparations and boundaries are reducing to form as quickly as possible all data they have collected regarding the financial and political condition of Turkey and Bulgaria and of what remains of Austria-Hungary to meet the charges they must pay as well as new boundaries they must accept in order to recognize the right of self-determination.

The problem is rendered difficult by reason of the necessity of assuming fairly the share of the pre-war debts of the three nations which must be assumed by the separated provinces and this is receiving careful study by experts.

The official statement of the work of the financial commission today says:

"The fourth subcommittee of the financial commission met this morning with M. Klotz president. It has agreed unanimously upon the text of a report of the financial section of the League of Nations which will be submitted to the Peace Conference."

BRITISH OPINION.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, March 26.—(British Wireless Service.) The Paris correspondent of the Pall Mall Gazette says on high authority that "in order to avoid peril which would inevitably arise if preliminary peace terms are not drafted until such time as the various commissions shall have finished their labors and presented their respective reports, the representatives of the great powers have drawn up certain proposals which seem ample to constitute the basis of the first treaty or are analogous to that signed at Versailles in 1917."

The correspondent adds that these proposals are under consideration of the inner council of four, President Wilson, Lloyd George and Orlando, which has temporarily superseded the council of ten, but that the arrangement will be greatly expedited decision.

"A final settlement will not be aimed at," continues the correspondent, "but the terms will be sufficiently firm, drastic and definite to provide for an enduring peace, justify in large measure early mobilization, simplify the grave international problem and pave the way for speedy industrial reconstruction and financial reorganization."

The principal aims of the proposals now before the inner council are: (1) To insure ample security for the future protection of France, especially on her eastern frontier; (2) to establish a strong Italy, with a formidable northern barrier against aggression; (3) to create a strong Poland; (4) to found a League of Nations pledged, on material as well as moral grounds, to preservation of world peace."

The soviet revolutionaries activities under the former czar and backed back to Russia immediately after the first revolution succeeded. They have been the cause of the loss of the rich peasant's horse and order of the land and property of the rich peasants by the city standard.

MOUSIK WAITS.

I have just written that which is not wholly true, for back of the army and back of Russia towers the gaunt figure of the Russian moujik. He represents eighty-five per cent. of Russia's millions and some day his latent power and potential energy will assert itself and he will come into his own as the real ruler of Russia.

These city workers, with their intellectual city leaders, who have spent so much of their lives away from Russia, are dreaming of cities, socialism and rules for this moujik.

These city workers go into the villages and not only demand but take the hoarded grain. They take the rich peasant's horse and order the poor farm laborers to take his cow. If he is poor, they tell him to take the land and property of his richer neighbors; if he is rich and has three horses, they take two of them. They run his life.

Down into his lap have dropped the city "food detachments" and lectures of the soviet revolutionaries. He does not want them, but he has to like them. If he revolts from the city workers, he is crushed by the city workers.

Today these peasant millions, who once fed Russia's cities and helped to feed Europe, are starving. "We will plant only enough grain this spring for ourselves. We will go on a food strike."

All the while the city's thousands are crying for the bread and food.

(BY CABLE AND ASSOCIATED PRESS.)

COBLENZ, Tuesday, March 25.—The morning and evening editions of the Coblenz Gazette were today ordered suspended for three days by Gen. Dickman for criticizing the Allies in connection with an article on development in Hungary.

Commenting upon the Hungarian situation, the article said:

"The responsibility is to be placed upon the deluded Entente imperialists, who are thus preparing for their own destruction and that of the monstrous peace they have planned."

LONDON PRESS VIEWS.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, March 24.—The London newspapers regard the action of Hungary as a direct challenge to the allied action and call for firm and sharp action in order to establish control of the situation. The Daily Telegraph, commenting on conditions, says:

"The Hungarian government has openly renounced the armistice. The imperative obligation of the hour is to reassert our mastery of the situation. The allied powers possess the means to do so and there must be a radical removal of the idea that they do not possess them or are incapable of using them, for this is the sole explanation of the recent display of recalcitrance in Germany and of the flat defiance now uttered in the name of Hungary."

The Times says that the Germans are making the use which was expected of the Bolshevik movement in Hungary.

"The different parties in Germany," says the newspaper, "are agreed that the events in Hungary must force the associated powers to moderate their attitude towards Bolshevism, but they seem at present to understand that the associated powers will not tolerate any nonsense. Individual ministers are reported to have used foolish, defiant language to the crowd, but the quiet transfer of the German met-

chant ships outweighs any amount of vain boasting.

"The business of the conference is to confirm the German government in their conviction that nothing is to be got by equivocation or intrigue and that the defection of Hungary will no more induce the allies to waver in their decisions than the carefully-timed insurrection in HUNGARY BOLSHIEVISM."

(EXCLUSIVE DISPATCH.)

WASHINGTON, March 26.—Particular significance is attached by diplomats here by the official visit to Moscow, of Kautsky, an under-secretary of the Berlin Foreign Office with the avowed object of studying Bolshevik institutions with a view to effecting closer relations between Germany and Russia.

The fact that Kautsky was sent to Moscow by the German government at the approximate time of the rise to power of the Hungarian Bolsheviks strengthens the belief of diplomats here that recent events in Hungary, which threaten peace negotiations, have been greatly influenced, if not engineered by Berlin authorities.

Advantages to Germany of a Bolshevik menace to Europe in Hungary were held to be patent. If the Allied powers can be frightened sufficiently, it was pointed out, Germany would be more favorably situated for demanding radical modifications in the treaty of peace, and if these were not granted, in refusing to ratify the treaty. In the present circumstances Moscow has become the distinct rival of Paris, and there is thought to be a definite possibility of the government at Moscow, encouraged by the success of the soviet principle in Hungary, publishing an appeal to all the peoples aligned in the war against the Allies calling on them to renounce the peace of Paris and espouse Bolshevism.

ARMY NOT FEARED.

It was asserted by Allied diplomats today that it is not the military power of Hungary which is feared—that is declared to be negligible—but the possibility of Bolshevism spreading from Hungary to all contact peoples. The difficulty of handling the situation was said to be the principle proclaimed by the Allies and which guarantees to each nation the right of self-determination. There exists no recognized principle, it was stated, by which the Allied powers would be justified in sending an expedition into Hungary to suppress Bolshevism, as the people of Hungary have the right to choose and constitute their own government, without interference by foreign powers.

The dangerous fact confronting the Allied powers, however, is the proximity of Czechoslovakia, Jugoslavia, Bulgaria and Rumania to Hungary. It is not known to what extent the inhabitants of the territories detached from Hungary—those in Transylvania, for example, numbering more than 1,000,000—have been Magyarized and consequently made susceptible to Hungarian tendencies. It is also not yet established whether the new government in Hungary, with its

## POGROM IN BUENOS AIRES.

(BY A. P. NIGHT WIRE.)

NEW YORK, March 26.—Thousands of Jews were slaughtered in a "pogrom" conducted in Buenos Aires, January 9, according to a statement issued here tonight by the Zionist organization of America, quoting a report it has received from the Argentine capital.

According to this report, a "White Guard" was organized there following a rumor that strikes in that city was the beginning of a Bolshevik revolution. The Jews, the report charged, were killed and maimed by the police, the "White Guard" raided the Jewish quarters, "killing a number that cannot be estimated because all the bodies were buried in a common grave." Jews and persons who resembled Jews were stopped on the streets, it was said, even synagogues were raided on the ground that Maximalists were being hidden there from the police.

The Argentine branch of the Zionist organization, the report continued, finally succeeded in getting the police to stop the "pogrom," after it had asserted there were no Jews being hidden there.

Cable dispatches received from Buenos Aires during the progress of the riots in that city made no reference to a pogrom and one received two weeks after the "pogrom" is alleged to have occurred did not mention any slaughter of Jews, but reported that an Argentine delegation had waited on President Frigoyen to protest against "unjust, atrocious and inexcusable insults" suffered by them.

"Although for more than two years disorder had been rife in the Argentine capital the most serious riot occurred last January about the time of the alleged Jewish pogrom, when in trouble growing out of the harbor strike, which later led to nationalization of the port, eighty persons were killed and 800 were wounded in the streets. Growth of 'Bolshevism' was reported and following word that a Bolshevik army was invading Argentina after a battle with frontier police at Port Natal, Chile, 1400 Jews were rounded up and put on a cruiser for deportation."

### HEAR IOWA GOVERNOR ON CHARGE OF GRAFT.

LEGISLATIVE COMMITTEE QUIZZES EXECUTIVE REGARDING PARDON GRANTED.

(BY A. P. NIGHT WIRE)  
DES MOINES (Iowa) March 26.—Gov. Harding appeared as a witness late today in the Iowa House Judiciary Committee's investigation of the Rathbun pardon case, and began an explanation of his reasons for granting the pardon.

It was brought out that the Governor's information in the case, before granting the pardon, was confined to an examination of an abstract of testimony in the trial and letters from George Clark, the Rathbun attorney, with recommendations of clemency from the trial judge and Ida county attorney.

No reference was made by either the Governor or members of the committee to an affidavit made by William Rathbun, father of the pardoned youth, in which the senior Rathbun asserted it was his understanding the \$5000 he gave Clark for obtaining the pardon was to go to the Governor.

The Governor was on the stand only a short time before recess was taken. He was preceded by Clark, who reiterated statements he previously made to the committee and charges with the Governor's secretary.

One phase of the Governor's testimony contradicted that of Clark, in that the chief executive declared it was late in September when Clark approached him regarding the pardon, while the Rathbun attorney had asserted it was "about November" when he first took up the matter with the Governor.

The Governor testified he now believes there is no question as to the guilt of Ernest Rathbun, who is in a reformatory, following the revocation of his pardon at the instance of Atty.-Gen. Hagner.

When he said this opinion was based on the records in the case, Special Counsel Byers asked: "And you could have obtained the same opinion if you had, with slight diligence, investigated the case before granting the pardon?"

"Well, not with slight diligence," the Governor replied.

### FLU CAUSES INCREASE IN INSURANCE RATES.

MODERN WOODMEN HEADS ANOUNCE NEW SCHEDULE AFTER STORMY DEBATE.

(BY A. P. NIGHT WIRE)  
CHICAGO, March 26.—More than a million members of the Modern Woodmen of America, the largest fraternal insurance organization in the country, had their rates increased today to meet the abnormal death losses resulting from the influenza epidemic which caused a reduction in the beneficiary fund of the order from \$12,000,000 to \$700,000.

On the present membership the increase is a 24 advance of 50 per cent. and all new members joining hereafter will have to pay materially increased rates.

Even this increase is said to be not a strictly actuarial adequate rate, but it was as far as the membership could be induced to go at this time.

The action was taken today at a special meeting of the board of camp of the order after three days stormy debate.

For several years it is said the deaths have averaged about \$1,000,000 more than the assessments as the organization operated under very low rates. Since last October the deaths have averaged \$2,000,000 a month more than receipts.

Two tables of rates were adopted at today's session, one for new members and the other for the present membership. The table for new members is based upon the experience of the Modern Woodmen of America, and is materially lower than the fraternal insurance table of rates. This will meet the requirements of the adequate rate laws of the various States. They are the increased rates adopted by the law of 1912, but which were repudiated later by the members which were cured injunctions in a number of States preventing their collection.

The table for the present members increases the present rates 50 per cent. beginning with 75 cents per \$1000 of insurance at ages 17 to 18 and increasing by 5 per cent. steps until \$1.50 is reached at the age of 35, above which the rate is stationary.

### IMPORTS COUNSEL TO FIGHT LAWYERS' FEES.

WIDOW OF ANGUS MACKAY ASSERTS ATTORNEYS TRYING TO ROB HER.

(EXCLUSIVE DISPATCH)  
PHOENIX, March 26.—George Green, a Los Angeles attorney, understood to be connected with Joseph Lacy of Oakland, appeared in the Superior Court this morning to represent Mrs. Carrie Kunz Mackay who is resisting the claim of a local firm of attorneys for \$7500 for services.

The case is being tried by Judge Baughn of Phoenix, on defendant's objection to a local magistrate and is remarkable especially through a statement made in open court by Robert McMurchie, a former representative of defendant, that no attorney could be found in Phoenix to appear for her in the pending case. The difficulty is understood to pivot upon a claim of still another Phoenix law firm to a division of about \$30,000 fees said to have been paid by defendant to a California attorney and retained by him solely.

The original suit was one in which Mrs. Mackay claimed the entire estate of Angus Mackay, of Phoenix and Oakland valued at \$1,200,000. There was a compromise with Canadian heirs for a payment of \$150,000 and a life settlement of \$120,000 a month. The fee of the opposing local counsel is said to have been \$25,000.

State school Supt. C. O. Case, though not summoned, has gone to Tucson to attend the reorganization meeting of regents of the State University. The late Legislature passed an emergency bill creating a new board of eight members, appointed by the Governor for four year terms, two dropping out each year. Case claims he still is a member on the basis of a constitutional provision that the Superintendent, ex-officio, "shall be a member of any board having control of public instruction in any State institution." The bill lately passed clearly omits the Superintendent, which action is claimed as unconstitutional.

It is probable the matter will be submitted to the courts, with a possibility that the law will be wiped out entirely and a return will necessarily be made to the old system of purely political appointment. The chance was warmly supported in Tucson.

PLANNED APPEAL TO WILSON TO END WAR

FRENCH SOCIALIST PLANS OF 1914 ARE TOLD AT TRIAL OF RAOUX VILLAIN.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Tuesday, March 26.—During today's session of the trial of Raoul Villain, charged with the murder in 1914 of Jean L. Jaures, the French Socialist leader, Pierre Renaudel, who succeeded M. Jaures in the Socialist leadership, quoted some of the words Jaures used in making known his decision to appeal personally to President Wilson, August 2, 1914, in an endeavor to have the President intervene and avert the war.

"There is only one man who can stop the conflict and that is President Wilson," M. Renaudel quoted Jaures as saying. "The assassin's bullet, stopped Jaures' appeal to President Wilson's arbitration," M. Renaudel continued. "I will not say war would have been avoided, but if arbitration had been accepted time would have been gained. If arbitration had been refused, Germany would have appeared as a criminal in the eyes of the world and America would have entered the war two years sooner."—(Advertisement.)

### RAIL PROJECTS TO GO FORWARD

Hines Says Money Lack Not to Stop Improvements.

Corporations are Given Time to Assent to Work.

Urges Plan of Government Control, Private Owners.

(BY A. P. NIGHT WIRE.)

PITTSBURGH, March 26.—Despite the financial predicament of railroads, the Railroad Administration plans to carry out as much of its improvement programme as possible to keep labor employed and roads in repair, Walker D. Hines, Director-General of Railroads, declared in an address tonight before the Pittsburgh Traffic Club. He asked for a more adequate understanding on the part of the public of problems facing the railroads during the war and in the immediate future, and presented suggestions for operating roads privately under public regulation as a permanent solution of the problem. He emphasized that the ability of the Railroad Administration to finance itself in spite of the failure of its application to the Federal Reserve Bank for a loan of \$100,000,000, was not a sign that it will not need the appropriation as soon as Congress meets again.

Referring to the improvement programme, Mr. Hines said:

"Unfortunately the impression has gone out that the Railroad Administration has decided to cut off all improvement work, including additions and betterments and maintenance. This is not a fact. What has happened is that we are taking steps to give the railroad corporations full opportunity to determine whether they should assent to the work which they must finance. It is the intention of the Railroad Administration to carry forward just as much additions and betterments and maintenance work as possible in order that labor may not be thrown out of employment unnecessarily and in order that the railroads be kept in good repair and extended to meet the needs of the situation."

Proposing eventual private operation with government supervision, Mr. Hines said:

"My own view is that a moderate guaranty on capital should be prescribed (by the government) so as to give a reasonable assurance to capital, and that there should be a right to participation in any profits made in excess of that guaranty so as to furnish the needed stimulus to private initiative."

For Constitution. For this disorder you will find nothing quite so good as Chamberlain's Tablets. When the proper dose is taken you hardly realize that the effect is not natural instead of having been produced by a medicine.—(Advertisement.)

### WAR FINANCE BOARD LENDS TO RAILROADS.

INITIAL ADVANCES TO CARRIERS ON CERTIFICATES OF INDEBTEDNESS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 26.—The first loans to railroads on security of certificates of indebtedness issued by the Railroad Administration were made today by the War Finance Corporation, to an aggregate of about \$5,700,000. The Chicago, Burlington and Quincy got about \$4,800,000; Western Maryland, \$931,000, and the Chesapeake and Ohio, \$800,000.

Arrangements for making advances to railroads to meet their April 1 requirements have been completed. It was announced by the finance corporation.

"As each application is presented to the War Finance Corporation," says the announcement, "it will be considered by the directors of that corporation upon its merits and in strict compliance with the provisions of the War Finance Corporation Act as to adequacy of security, margin of security and in all other respects."

Other applications for loans have been made and will be acted on soon. In all cases the War Finance Corporation will make advances only on adequate security and to roads financially responsible. In making this explanation, officials of the corporation sought to correct the impression that special attention would be given by the corporation to the needs of the roads.

(BY A. P. NIGHT WIRE.)

LINCOLN (Nebr.) March 26.—A bill for submission to Nebraska voters in 1920 of a constitutional amendment which would permit women to enjoy full voting privileges was killed today when a House committee of the State Legislature decided that action on the measure should be indefinitely postponed.

The committee voted to dispose of the bill in this manner because legislation has already been enacted for a constitutional convention in Lincoln, December 2, when suffragists will have the opportunity of asking for a popular vote next year on a constitution which will not bar them from complete suffrage.

At present Nebraska women have only partial suffrage rights, being prohibited from voting for constitutional officers.

### TEAMWORK TO AID EXPORTERS.

Form Government Committee to Assist Trading.

Executive Department Experts Named on Board.

Definite Commercial Policy is to be Established.

BY ROBERT B. ARMSTRONG. (EXCLUSIVE DISPATCH.)

WASHINGTON, March 26.—The State Department, through Assistant Secretary of State William Phillips, today announced the organization of a co-ordinating committee on foreign trade. An order authorizing such a committee was formally signed by the President, February 28, during his recent visit to Washington.

The committee includes representatives of all the governmental offices which deal in any way with foreign trade matters. Its duty is to formulate conclusions and to harmonize and co-ordinate all governmental activities in any way connected with foreign trade, thus safeguarding the economic future of the nation.

The committee will provide advisory and supervisory machinery of government executives for unifying the work of further extending and developing the business interests of the United States in foreign channels.

Neither the committee as a whole nor its subcommittees will deal with specific cases of foreign trade in this country except as they may be brought to its attention by the different government offices now handling these matters. In other words, the American business public will not have direct communication with this committee, but will continue to deal as heretofore with the various pre-existing agencies of the government.

MEETING HELD.

At a preliminary meeting which was held in the office of Acting Secretary of State Polk, the following representatives of various governmental agencies were present: Department of State—Acting Secretary Polk, Mr. Lay, Mr. Frost, Department of Commerce—Acting Secretary Sweet, Mr. Cutler, Mr. Stevens.

Treasury Department—Acting Secretary Rowe, Mr. McQuinn, Department of Agriculture—Mr. Brand, Mr. Moomaw.

Department of Labor—Acting Secretary Post, Navy Department—Admiral Halsey, Mr. Stevens.

War Department—Col. Dunn, War Trade Board—Mr. De Laittre, Federal Trade Commission—Commissioner Fort.

Tariff Commission—Commissioner Culbertson, Railroad Administration—Mr. Spens, Interstate Commerce Commission

Established in 1890, Guaranty Trust and Savings Bank, Springfield and New York.

Acting Chairman, Woolley, Postoffice Department—Mr. Madock.

SUBCOMMITTEE.

A subcommittee on organization was created, with Julius G. Lay, acting foreign trade adviser of the Department of State, as chairman of this committee, composed of the representatives of the Department of State, Treasury Department, Department of Commerce, War Trade Board, Shipping Board, Railroad Administration and the Tariff Commission, was assigned the task of organizing subcommittees for particular functions.

Among the questions to be treated may be mentioned tonnage allocations and marine freight, cable and radio facilities, reconstruction loans and Latin-American loans, consular facilities for buying in Europe, labor and immigration, "key industries" (like the dye industry) and strategic raw materials.

All the foregoing questions and many others are at present engaging the attention of different government officials in Washington, and it is to be expected that the special Foreign Trade Committee has been formed.

"Teamwork" on foreign trade policies henceforth will be even closer than before.

STATE INCOME TAX ASSEMBLY PROPOSAL.

BROOKS WOULD REACH MAX HOLDING SECURITIES, SPEND MONEY IN SCHOOLS.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, March 26.—A State income tax is to be proposed to the Legislature by Assemblyman Brooks in a bill he was preparing today. Wisconsin and Massachusetts are the only States which have an income tax.

The taxes suggested in the bill, Brooks said, are low and the measure will be urged more to establish the machinery to provide a new source of revenue than for any other reason. Brooks contended the measure would place the tax burden more equitably, making it possible to tax the man whose personal property consists chiefly of securities of various kinds, now seldom taxed.

Duplicates of returns made to the Federal government would be used by the State under Brooks' plan. In order that local governmental subdivisions might share indirectly in the income tax revenue, Brooks proposes to place the first \$100,000 collected in a fund for orphan's aid and the next \$100,000 in the elementary school fund. The constitution prohibits the State from sharing revenue it collects with counties and cities.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself. In fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.—(Advertisement.)

### GERMANS NAME FINANCE BOARD

Members to Discuss Reparation with Allies' Envoys.

Tuitions Face Payment of Huge Debts Due to War.

Europe's Financial Condition Declared Sound.

(BY CABLE AND ASSOCIATED PRESS.)

COPENHAGEN, March 26.—The German finance commission, which will go to Versailles to meet an inter-Allied commission, has been summoned to Weimar to receive German instructions. According to Berlin newspapers, the commission will include Dr. Theodor Melchior, a banker of Hamburg; Dr. Wilhelm Meißner, of the Frankfurt Metal Works; two representatives of the Reichsbank and two members of the German Armistice Commission.

German revenues from 1914 to the end of 1918 amounted to 17,000,000,000 marks, the German Minister of Finance, Dr. Schiffer, declared in a memorandum presented to the National Assembly at Weimar. The war expenditures totaled 148,000,000,000 marks, to which should be added the cost of demobilization.

The memorandum showed that war damages in Germany amounted to 4,500,000,000 marks, the claims of ship owners to 1,500,000,000 marks, and 5,000,000,000 marks were spent for the relief of families of dead soldiers.

The debts contracted by the government during the war aggregated 157,700,000,000 marks, the annual interest on which was 7,900,000,000 marks. Dr. Schiffer estimated that the national annual expenditures for the future would be 14,000,000,000 marks, compared to 3,400,000,000 marks before the war. The annual expenditures of individual states and communes in the future would be 5,000,000,000 marks, compared to 3,000,000,000 marks before the war. The

A SHAMPOO WORTH TRYING

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleaned each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox, which can be obtained from any druggist's, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft suppleness that makes it seem very heavy.

## A Standard Test for Gasoline

The third of a series of three statements

War needs made prominent the question of a standard test for gasoline. On July 31st, 1918, President Wilson ordered a committee appointed under the United States Fuel Administration to establish specifications and standards of test for gasoline supplied to the Government. This committee consisted of the United States Fuel Administration and representatives of the War and Navy Departments, the United States Shipping Board, the Director General of Railroads, the Bureau of Mines, and the Bureau of Standards. Standards were adopted for aviation gasoline (export, fighting and domestic) and for general motor use on land and sea.

## The Gravity Test Discarded

The Government's Committee on Standardization of Petroleum Specifications stated in its report: "It will be noted that there are no gravity limitations in the specifications for aviation gasoline, nor in the specifications for motor gasoline which are given later, for it has been found that gravity is of little or no value in determining the quality of gasoline." The standards adopted by the United States Government are based on boiling points.

## Boiling Points the Real Test

Gasoline is known to the refiner as one member of the petroleum family. He distinguishes each member of the family, not by gravity, but by boiling points. Gravity is a fleeting standard of test, but boiling points are unchanging in their value and always determine the quality of the product. Knowing them the refiner can keep his product uniform and reliable.

## What Is a Boiling Point?

A boiling point is the temperature at which a liquid will begin to boil or vaporize.

In distilling a given quantity of gasoline the refiner ascertains at what point each 10 per cent. will boil, until the entire quantity is evaporated or distilled. In this way he determines what is known as the initial boiling point, as well as all intervening boiling points in the chain, up to the maximum, high boiling point.

## Boiling Points Tell the Story

Boiling points determine the vaporizing and combustive qualities of gasoline. They decide the action of the gas developed from gasoline. They are the only true measure of gasoline value.

An ideal gasoline has boiling points in a continuous, uniform chain. There must not be too many low boiling points, otherwise

the loss in storage by evaporation would be great. There must be just enough low boiling points to vaporize freely and give easy starting. The higher boiling points are necessary for quick acceleration, high power and long mileage.

As combustion starts with the lowest boiling points and flashes on through the gas, the continuous, uniform chain of boiling points—from the low to the high—is necessary for instantaneous, full-powered combustion. Only a straight-distilled, all-refinery gasoline can have the continuous, uniform chain of boiling points.

## The United States Government Standard Specifications for Gasoline

The United States Government standard specifications for gasoline are based on boiling points—not gravity. Drafted as they were by impartial Government experts, they are generally considered, in the light of conditions today, as the most practical standard for gasoline. They insure an efficient and satisfactory gasoline and at the same time have due regard for the best utilization of our petroleum resources, and the maintenance of reasonable prices to the consumer.

## Red Crown Gasoline Conforms to United States Government Standard

All Red Crown gasoline now being supplied in the Pacific Coast States is refined to conform to the United States Government Standard specifications. It is straight-distilled, all-refinery gasoline having the full, uniform chain of boiling points necessary for full-powered, dependable gasoline: Low boiling points for easy starting, medium boiling points for quick, smooth acceleration, and high boiling points for power and mileage.

pointment (if a substitute Mayor is to be appointed) of a man who has the entire confidence of the public, and that such confidence would not be accorded any man who would bargain for the place. The interviews already referred to are sufficient in themselves to shake the people's confidence.

"The second consideration, perhaps, is a consideration of fairness to the person who is asked to throw himself into this breach, and, so far as I am concerned, I must say that the statements referred to have on both counts, to wit, their influence on the confidence of the public and in what I consider as fairness to me, made it absolutely impossible to permit my name to be further considered in the premises. Of course, I have never had any idea of accepting any office or position which would withdraw me, even temporarily, from my profession. I shall remain in my present position to the end of my term in July, and shall, as civil legal adviser of the city, be able, perhaps, to be of some use through these troublesome times."

"Please accept my thanks for the confidence you have demonstrated in me by seriously considering me for the high position of Mayor at this critical time, and accept my assurance that I consider it a very high compliment indeed."

### GRAND JURY TOMORROW.

The county grand jury will convene tomorrow, and resume its inquiry in the graft scandal, according to an announcement made yesterday by Dist. Atty. Woolwine.

While no new subpoenas have been prepared, several will be served today, according to the District Attorney. How many was not stated.

It was understood yesterday that the indictments will be asked to consider at least six indictments against men more or less prominent in city affairs. It is not thought, however, that the grand jury will be able to decide upon all of these in one day.

### SLANDER SUIT STIRS WATTS

Back of a slander suit filed yesterday by C. W. Baker against Mrs. Elizabeth Miller of Watts, is said to be politics, growing out of the coming election for School Trustees in that city. Mr. Baker, who has been in educational work for thirty years, is now superintendent of the Watts city school district, alleges that January 21 last, Mrs. Miller said in the presence of Mrs. Anna M. Gantley:

"Are you looking for your beautiful principal? Well, we saw him a few minutes ago on the street."

Mr. Baker has not touched intoxicating liquor for thirty years, he says, and calls the remark of Mrs. Miller uttered wickedly and made for the purpose of injuring his good name and reputation. The complaint, prepared by Attorney Paul W. Schenck, asks for \$15,000 general and \$5000 exemplary damages.

## "EXAMINER" IS SUED FOR LIBEL.

Liquor Taxes Bring Big Sum. Seventy-five Thousand Asked by Hulet C. Merritt.

Seven Hundred Thousand of "Floor" Imposed Paid in Sixth District.

Arthur H. Kriete, of Collector of Internal Revenue Carter's force of field deputies in the Sixth District, who is in charge of the payment of what is known as the floor tax under the Federal law of 1915, reported yesterday that with the arrival of the morning mail today there will be only a few delinquents.

### Malice Charged in Publishing Alleged False Evidence.

Hulet C. Merritt, Pasadena millionaire, on trial in the United States District Court, charged with hoarding sugar, filed suit against the Los Angeles Examiner yesterday, asking a total of \$75,000 damages for an alleged libelous paragraph which read as follows:

"That H. C. Merritt, Sr., millionaire, on trial in the United States District Court for alleged sugar hoarding, advised his son's wife that food was going to be scarce; that he was going to accumulate a quantity of that and she would better do the same, was the testimony yesterday of Mrs. Sallie Hillyard Polk Merritt, divorced wife of Hulet C. Merritt, Jr."

Mr. Merritt declares that the publication was neither fair nor true, nor was it a fair or true report of the judicial proceedings which it purported to report. He says it was malicious, and that it was "a false printed publication which exposed this plaintiff to obloquy, and that plaintiff has been damaged thereby to the sum of twenty-five thousand (\$25,000) dollars."

This \$25,000 is for actual damages; \$50,000 is for exemplary damages.

### WITNESSES TELL OF SUGAR FOR MERRITT.

MODEL GROCERY AND JEVNE COMPANIES SOLD MANY SACKS; CASE STILL ON.

A mass of matter, running all the way from the testimony of a stenographer to a resume of the grocery bills of Hulet C. Merritt, made up the proceedings yesterday before United States District Judge Tripp and a jury, in the prosecution of the Pasadena millionaire on a charge of violating the Food Conservation Act.

One of the features of the day was the testimony of Harry Riggs, employed at the Model Grocery in South Pasadena, who was recalled to the stand by the government. He testified to a number of conversations with

servants and one-half pound in another purchase, it appeared.

On November 5, 1917, Mr. Merritt ordered 500 pounds of sugar, but only one sack of 100 pounds was delivered.

During November, 1917, Mr. Merritt purchased 170 pounds of sugar the records show; in December, 280 pounds; in small ten and twenty-pound orders; in January, 1918, 103 pounds; February, 102 pounds; March, fifty pounds; April, thirty pounds; May, twenty pounds, and June, thirty pounds.

This makes a total of six 100-pound sacks of sugar ordered and received from the Model Grocery Company and the Jevne Company, but one of the sacks is unaccounted for.

It is expected that Miss Anna Hare, a former cook for the Merritts, will be among the witnesses today.

### DRUG COMPANY PLANS NEW WHOLESALE HOME.

FIVE-STORY BUILDING TO BE ERECTED AT LOS ANGELES AND ELEVENTH.

The Sun Drug Company of Los Angeles has purchased a site on Los Angeles street near Eleventh street, upon which it plans the erection of a building which will be the future wholesale department of the organization, according to the announcement of a representative of I. Eisner, president of the company. The building will be a class A structure, of concrete and brick construction, five stories high, and will occupy a site 140x150 feet.

It is the intention of President Eisner to make this building the wholesale distributing point for the company's eleven stores, the business of which has outgrown the present wholesale department on Los Angeles street near Ninth. The building will be equipped with a modern laboratory and department for the manufacture of drugs and toilet preparations.

President Eisner now has a representative visiting several eastern cities to inspect similar buildings and obtain ideas to be incorporated in the Los Angeles structure. Pending his return no local architect will be selected.

### GIVEN DAMAGES.

A jury in Judge House's court yesterday awarded Mr. and Mrs. J. E. Goddard a verdict of \$6000 in damages for injuries Mrs. Goddard sustained while a passenger on a Los Angeles Railway car. Mr. Goddard was awarded \$6000 of the total amount for loss of his wife's services and medical expenses.

## Fifty Thousand Dollars a Day for Preachers

and They Need the Money Right Now

"YOU would think preachers would be more provident, wouldn't you?"

Good enough men, but lacking in business ability, you think. Say, you business man, do you know the average salary for preachers in the twelve leading denominations is just \$774 a year?

That's the pay of the men devoting their lives to making you employees and yourself better workmen and better citizens. That's why we business men have to warn you to keep the church out of bankruptcy. A preacher is a good investment. The man who goes to church on Sunday goes to work on Monday, rested, refreshed, happy, ambitious to do his best for you. He is a valuable employee; are you helping to keep him valuable?

Never mind the bronze memorial tablet; look after the preacher's pay envelope. Don't think "charity" in the face of services rendered. It is a debt you owe; the greatest "debt of honor" you ever incurred. A preacher is a builder of citizens; you couldn't do business without him. You know a church adds value to surrounding property, and it's the preacher who makes the church valuable. The church needs millions right now. Get the facts about this great investment. The most strictly business task before you at this instant is to say to a stenographer, "take a letter to National Committee of Northern Baptist Laymen, 200 Fifth Avenue, New York City."

May Sutton Bundy Appears After Long Absence.

(SPECIAL DISPATCH)

CORONADO, March 26.—Marwyn Griffin, the champion, beat Nat Browne today in the men's singles on the Coronado Country Club courts in one of the closest games of the tournament, which is now in progress. The sets were close, but Griffin showed wonderful speed in the last and won over his opponent.

Tom Bundy, former national champion of men's doubles, was defeated in the men's singles by Clarence Barker in a hotly contested game. Bundy led in the first set, 6-2, but in the last part of the second set began to weaken, and in the third set was beaten by the steady play of Barker.

Bliefuss and Hulbert, the two San Diego players, played a splendid game in the match with Nat Browne and Winne. Bliefuss particularly played a strong game and gave his opponent a good fight.

The men's doubles match between Leroy and Griffin and DeMille and Applewhite was anybody's game until the last point. At the last DeMille had a good chance of winning, but dropped his service game and lost.

May Sutton Bundy played for the first time here in several years, and in an exciting game, defeated Mrs. Widdowson, 1918 champion, who put up an excellent game. Mrs. Widdowson had a lead of 5-1 in the second set and Mrs. Bundy was not playing her usual game. She finally steadied down to her regular game and won.

Mrs. William M. Henry and M. Ketchum in mixed doubles beat Miss E. Hayes and Lieut. Orton. They proved too strong for their opponents.

Another exciting game was that of Winne and Applewhite, which Winne won. Applewhite should have had the second set, but Winne put in a burst of speed and ran through three straight games.

An invitation was sent today to Eleanor Tennant, of San Francisco, professional at Beverly Hills, to play an exhibition game Saturday, with May Bundy or Miss Sutton.

Today's results: Barker and Ketchum beat Jamison and Lewin, 6-4, 7-5; McLoughlin beat Sinabough, 6-1, 6-4; Griffin beat Browne, 7-5, 6-4; C. Barker beat Bundy, 2-6, 6-3; Browne and Winne beat Bliefuss and Hulbert, 6-2, 7-5; Leroy and Griffin beat DeMille and Applewhite, 6-3, 3-6 and 6-2.

## ATTEMPTS TO PROVE TRUST.

Testimony Introduced in Baltimore Club Case.

Damage Suit Against Baseball Major Leagues.

Two Witnesses are Called by the Defense.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 26.—Testimony apparently designed to prove organized baseball a monopoly with in the meaning of the Sherman anti-trust act was introduced today in the trial in the District of Columbia Supreme Court of the damage suit of the Baltimore Federal League club against the National and American Leagues and certain officials of the former Federal League. The Baltimore club is seeking to recover damages of \$500,000.

Counsel for the Baltimore club called two witnesses today. F. Otto Knabe, assistant manager of the Chicago Club of the National League and former manager of the Baltimore Federals, and Edwin Goldman, former director of the complainant club. The former said he had signed numerous players and that the club was compelled to offer unusually large salaries.

This was due, he said, to realization by the players that they were going to a new organization and fear that if anything happened to the new venture they might find it extremely difficult to return to the ranks of organized baseball.

Both witnesses were asked many questions regarding the reserve clause in the contracts of professional baseball players. Goldman asserted that it was through these clauses the organization maintained control of players from one season to another.

In response to questions regarding the relative value of baseball players, Goldman gave it as his opinion that actually there were not enough real first class ball players in the country to form one team. He explained the system through which players are purchased and drafted and agreed on cross-examination, that the Federal League in paying big salaries to National and American League stars who jumped to the Federals did not have to take into consideration the original draft price of the individuals.

George Wharton Pepper, counsel for organized baseball interests, asked the witness whether he considered that part of the salary paid professional ball players was given in consideration of the reservation the clubs held upon their services for the next season. Mr. Goldman said it was not his understanding that the salary of ball players was so divided into two parts.

NEW WORKERS TO MEET.

Dr. Lyman B. Sperry will give a humorous talk at the meeting of the New York State Society in Forum Hall, 203 Mercantile place, tonight. Other entertainers will be Councilman Tripp, Mrs. Carrie L. Bernard and E. J. Vestal. Dr. George H. MacNeill will preside. Following the programme there will be dancing and refreshments.

## COLIN KILBY MAY NOT RUN QUARTER.

(SPECIAL CORRESPONDENCE.)

REDLANDS, March 26.—Colin Kilby may not run the quarter in the A.A.U. track meet this year, for the captain of the University of Redlands team is not in good condition. Early in the year he had the flu, and when he had recovered from this, broke some small bones in his right hand. With only one week's training he went into the Redlands-Pomona meet and ran a quarter in the relay there under 16 seconds. It is believed. For several days after that he was ill, and has not recovered his strength, so he may stay out of the A.A.U. meet. Young, Draper, Cook and probably others of the university team will enter the meet.

## RACE HORSE IS PUT TO DEATH.

(BY A. P. NIGHT WIRE.)

TORONTO, March 26.—Inferno, one of the best race horses ever foaled in Canada, was mercifully put to death yesterday at the Ontario Veterinary college. During several years, beginning in 1905, Inferno won many open events, including the King Edward Hotel cup three years in succession, and the Durham cup twice.

... and at the Waldorf-Astoria

A fact:

The Waldorf in New York is but one of the many hotels all over the country, where Fatima is the largest-selling cigarette. The same thing is true, for example

—at the Astor, New York, where over 200,000 Fatimas are sold every month;  
—at the Willard, in Washington;  
—at the Gibson and the Sinton, in Cincinnati;  
—at the Copley Plaza, the Touraine, the Parker House and Young's, in Boston;  
—and at dozens of other leading hotels (and clubs, too) all over the country.

NOTE—At such places as these, few price doesn't count. Fatimas lead in sales, not because of their low price, but because men PREFER them to higher-priced cigarettes. They prefer Fatima's taste; and they and that Fatima treat them right.

## VITAGRAPH HAS PLANS.

## PRESIDENT SMITH WILL MAKE ANNOUNCEMENT TODAY.

By Grace Kingsley.  
That the Vitagraph Company is planning great expansion along various lines became known yesterday, when it was stated by an official at the Vitagraph studio that President Albert E. Smith of the company would have important announcements to make today.

These announcements will include, according to said official, the naming of certain new stars and directors who are coming under contract to Vitagraph. They will also have to do with plans for the building of large new studio accommodations, which these plans which are to

be outlined, Mr. Smith, it is understood, will declare a brand new policy for the Vitagraph company, under which its productions will be made and released, and may also include some of the big stories which it has lately purchased and will put into film form.

One announcement, which positively will not be made, however, according to my informant, is that Vitagraph will merge with any other concern for any purpose whatsoever. The organization is to expand along its own lines, but is to remain entirely independent of any other film company.

One notable addition to the Vitagraph forces has just been made in the person of a real live princess—the Princess Della Patra, niece of no less a person than the present Khedive of Egypt, the young woman having been engaged to appear in "Monsieur Picard."

A thrilling story is that of the Princess, who, according to the statement of the Vitagraph Company, made her escape from the palace of her father, the Khedive of Egypt, after which she made her way to Rome.

## Delightful Photoplay at the Hippodrome.

With only a few tons of clothing actually packed in Red Cross headquarters, at Tenth and Main streets, and with the contributions at the various salvage stations and other collection points far below the quarter mark of the 200-ton quota, Red Cross officials made it plain yesterday that more speed is a necessity if the city is not to fall behind its record in other drives.

With the possible exception of food, clothing is the greatest need of Europe, and parts of France and Italy, the cry for garments of all sorts is nothing short of pitiful.

In the district of the Aube, in France, the relief agencies are unable to take care of the destitute thousands who make up part of the shifting population of war refugees, but recently repatriated. The number of refugees is estimated in this territory alone at 23,750, and a large percentage of these are in want of the most common sort of clothing to protect them from the weather.

The reports of investigators show that the same tragic condition prevail throughout a dozen departments of France, which were overrun by the Hun. The total number of refugees in France is about 2,000,000, and their first need is food. But their second and equally pressing necessity is clothing. Food they are getting from many governmental and relief sources. For clothing they are almost entirely dependent on the work of relief organizations, it is said.

From the Department of the

capital. The act includes ten singers and dancers, and is one of the series that the general staff intends to present.

Excursions to San Gabriel.

Demand upon John Steven McGroarty, author of the "Mission Play," for special suburban drives have become so insistent that of a series of excursions from the city and towns of Los Angeles and Orange counties to the San Gabriel Mission and to the Mission playhouse. The excursions will begin next week and continue for several weeks.

Although many of the residents of near-by towns have already seen the play once, and many several times, in its previous seven seasons, they are attending again to take advantage of the opportunity of seeking Frederick Ward.

Burbank's Changes.

Important announcements are to be made from the Burbank office in the next few days. For the present it is stated that the current vaudeville and feature first-run bills will terminate after next Sunday night, and that the house is to undergo some changes to be made ready for a big musical show which is to come into the popular theater in a week from next Saturday.

The Electric Chair in Comedy.

Anyone who could devise a more unfunny situation for dramatic possibilities than a death chamber in a prison, with an old negro writing in the electric chair, please write to John B. Hyman, care of the Orpheum. He would like to know if such a possibility exists, so he can use it in his next "Tom Walker" comedy. For Hyman is the fair-haired boy who has put the electric chair into the comedy spotlight, and he has got away with it.

He frequently makes designs for his sets and is an extremely tasteful interior decorator whose advice is often sought and made use of by the studio technicians.

AS OIL SUPERVISOR.

Irving V. Augur will succeed late Gregor McGregor here.

Irving V. Augur, formerly deputy supervisor of oil and gas at Coalinga, has been transferred to Los Angeles in the same capacity, succeeding Gregor McGregor, deceased, according to an announcement made yesterday by the State Mining Bureau. He will have supervision over the work in Los Angeles and Orange counties.

LOS ANGELES "TIMES" SCREEN MAGAZINE.

An interesting blend of comedy and educational matter, with a touch of drama and more than a suggestion of pathos, are contained in the fourth issue of the Los Angeles Times Screen Magazine, now being shown at the California Theater.

Some scenes in the Walter Reed Hospital at Washington, showing the condition of crippled soldiers, brings a catch in the throat, although the men accept their lot cheerfully as they faced it on the battlefield. Some really wonderful results are achieved in aiding maimed men to become self-supporting.

"The Story of a Fish" from the "Egg to the Flying Pan" presents some remarkable underwater scenes. The motion picture camera has been used to show the life of the fish, with great thoroughness, and of all the poor fish that have tried to act before the motion picture camera, this one has the most natural and unaffected. Scenes of a Spanish dancer, Veronica, who is appearing in the "How to Keep Warm in Zero Weather," "When the Town Goes Dry" and the usual witty comedy of the issue.

Those Littered Girls.

For the time being, the Mack Sennett bathing beauties have abandoned the splash of the salt water and are appearing in the city that the camera lens refracts. They have left the seashore and have taken to the city streets, and all of them, of course, because Mack Sennett cannot delay his producing process, whose duty it is to provide an uninterrupted string of hilarious "two-reelers" wherein his bathing beauties are wont to disport themselves. The "How to Keep Warm in Zero Weather," "When the Town Goes Dry" and the usual witty comedy of the issue.

The Dreyfus Diversity.

Estelle Heart-Dreyfus, perhaps the most popular of the musical world, will be heard this evening in a recital at Trinity Auditorium. The artist, who has the faculty of electrifying his audience without overtaxing them, of painting with his fingers, and of adding strong technique to an unusual sympathy for the piano.

His program tonight is to range from a classic Beethoven Sonata, through a Schuman Romanza, the Mendelssohn Hunting and Shooting Song, a Chopin group, Brahms's transcription of the Chopin Etude in F minor, Weber's "Piano Concerto," and a group of moderns, including Gerni, MacDowell, Stockhoff and Busoni.

They Were Cheered Up.

An advertisement appeared lately in the local papers, stating a home was for rent, except to motion picture actors.

The colony was, awfully excited about it. And then they discovered that the advertiser was the president of the Swine Breeders' Association. Somehow, after that, their sorrow was assuaged.

Desmond Slips One Over.

Can you beat that handsome rascal, Bill Desmond? Anybody can throw rice on him that wants to now, for all I care. After looking me straight in the eye, the other day, and telling me he and his bride were going to Colorado for their wedding trip, they went right off and motored up to Santa Barbara, where they are happily honeymooning at the Belvedere. But, after all, they are such a nice pair, you just can't help forgiving them and wishing them joy. And, anyhow, maybe when they started they were so joyously happy they really thought they were headed for Colorado.

Excited Query.

Why didn't Lew Cody occupy his usual box at Clune's Auditorium last Monday afternoon?

Went Him One Better.

"They were swapping yarns, Ruth Roland, Paul Hurst, and her director, Paul Hurst, as they journeyed in from location, the other afternoon."

"My uncle," said the vivacious Miss Roland, "once owned a singing frog. All uncle had to do was to give him the key, and tell him the tune, and he'd sing."

Ruth Hurst thought a while on that.

"That's nothing," she finally chuckled. "My uncle once owned a farm just populated with frogs. Of course he all croaked in different keys. But he listened carefully to

their different notes, and one by one he collected the whole scale. So now he has an orchestra, and he has trained them to sing all the tunes he knows."

"That's nothing," broke in George Larkin. "My uncle has a frog that plays."

The cameraman threw a busted plate at his head—

"Why, I was just going to say," exclaimed Larkin, "that plate fell from all around the back-yard pond!"

Una Fleming Arrives.

Friends of Una Fleming, the clever Los Angeles girl who used to make mud pies with us a few years ago, will be interested to learn that she is piling up all kinds of success for herself in a leading role in Klaw and Erlanger's "The Velvet Lady," touring the tour of the big eastern cities.

Even so conservative a paper as the New York Globe, which just positively refuses to have spasms of enthusiasm over anything, so far as the "Velvet Lady" is concerned, has given it a place of prominence in its columns. This number was easily the high-light of the opening performance.

Many other papers are devoting whole columns of adulation to her grace and beauty together with three-column art drawings of the young woman.

WOMEN BOXERS AT ORPHEUM. TUT! TUT!

Should all women, married and single, be good scrappers?

"Yes," answered the Bennett Sisters, all in chorus, just like that! Not that they need to use their scrapping ability on their family; but they should know how to box, wrestle and otherwise defend themselves. Besides, this sort of exercise keeps them in good health, and good health means good nature, and good spirits. And what husband could object to a wife who is a good boxer if she was always in good health and good spirits?

That's the philosophy of those three clever girls who are putting over the game stuff at the Orpheum theatre.

And they will tell you just how to defend yourself in case of attack.

"In case of attack from the rear," said Miss Laura, "catch him around the neck with one arm—or two if possible—and twist and turn, pulling upward meanwhile, and toss him over your head."

"In case of attack from the front," your foot ground his ankle, and throw him."

Scout easy, doesn't it?

Miss Laura is really "Mrs." She is married to Olafson, the famous

"Did I ever have cause to defend myself? Yes, only a few weeks ago, in Kansas City, my sister and I came out of the theatre after the evening performance. Two men followed us, and one of them, either side. The one on my side grasped my left arm very tight. I turned and simply hit him an uppercut with my right. He went sprawling. The other man, who was standing behind me, dropped it quickly, and shouted: 'My gawd, Bob, those are the Bennett Sisters! I had heard he picked himself up and both ran away as hard as they could go.'"

Miss Roberts to Vacation.

Florence Roberts, who is scoring heavily at the Orpheum this week, in Hartley Manners's playlet, "Woman Intervenes," is to have a vacation next week, and is going to spend it in San Francisco, where many fete, from clam-bakes on the beach to high social affairs in impressive drawing-rooms, have been arranged for her amusement.

Priscilla Dean was Worried.

That vivacious young Universal star, Priscilla Dean, met with a bit of excitement during her recent trip to San Francisco, that she hadn't bargained for, and which she admits did upset her for a minute or two—not longer, for Priscilla never lets herself get over anything any longer than that.

One morning, over a nice breakfast, she placed the announcement on the front page was the announcement that Priscilla Dean had been ordered for passing.

Naturally she was excited, and pretty nearly forgot her grapefruit. At that moment the telephone rang, and a friendly voice of a man she knew came over the wire:

"Hello, Priscilla! Want to have a good time? Beware of the Girl on the Corner. She is poison. Get well."

Priscilla Dean was worried about that story in the paper this morning," he said, "so I've looked it up. It was a good time! Beware of the Girl on the Corner. She is poison. Get well."

## CITY IS FAR BEHIND QUOTA.

## Red Cross Officials Again Issue Clothing Appeal.

Only Few Tons Packed; Must Hurry or Admit Failure.

Europe's Need is Great, is Report Received Here.

With only a few tons of clothing actually packed in Red Cross headquarters, at Tenth and Main streets, and with the contributions at the various salvage stations and other collection points far below the quarter mark of the 200-ton quota, Red Cross officials made it plain yesterday that more speed is a necessity if the city is not to fall behind its record in other drives.

With the possible exception of food, clothing is the greatest need of Europe, and parts of France and Italy, the cry for garments of all sorts is nothing short of pitiful.

In the district of the Aube, in France, the relief agencies are unable to take care of the destitute thousands who make up part of the shifting population of war refugees, but recently repatriated. The number of refugees is estimated in this territory alone at 23,750, and a large percentage of these are in want of the most common sort of clothing to protect them from the weather.

The reports of investigators show that the same tragic condition prevail throughout a dozen departments of France, which were overrun by the Hun. The total number of refugees in France is about 2,000,000, and their first need is food. But their second and equally pressing necessity is clothing. Food they are getting from many governmental and relief sources. For clothing they are almost entirely dependent on the work of relief organizations, it is said.

Excursions to San Gabriel.

Demand upon John Steven McGroarty, author of the "Mission Play," for special suburban drives have become so insistent that of a series of excursions from the city and towns of Los Angeles and Orange counties to the San Gabriel Mission and to the Mission playhouse. The excursions will begin next week and continue for several weeks.

Although many of the residents of near-by towns have already seen the play once, and many several times, in its previous seven seasons, they are attending again to take advantage of the opportunity of seeking Frederick Ward.

## SPECIAL TO BOOST LOAN.

Victory Trophy Train to Tour Southern California Next Month.

A Victory Liberty Loan trophy train is to tour Southern California during the loan campaign. Director of Publicity Harold Janes announced yesterday.

It will start from San Francisco Saturday, April 12, and will complete its tour about the last week of the loan. It is said nothing to compare with it has ever been sent over the tracks of the western railway and it is believed it will stir up unusual enthusiasm.

When the train leaves San Francisco 350 homing pigeons will be released to carry messages to their home towns telling that the train has started. A captured German mortar, taken at Belleau Wood by the Fifth Regiment, United States Marines, will be the prize for the town whose pigeon makes the best record in carrying the message.

Dr. Frederick D'Evelyn of 60 Federal street, San Francisco, is receiving the entries of homing pigeons for the flight.

The train will carry a famous Whippet tank and many other trophies of the great war. Music will be provided by a navy band. The itinerary has not been completed, but during the twenty-nine days that the train will be out more than 150 stops will be made.

**TO SEE MISSION PLAY.**

Myer Siegel & Co.'s employees will see California's pageant, the Mission Play, at San Gabriel, on Saturday. Ralph Siegel has arranged the excursion and the employees will go and return in a special car.

## Y.W.C.A. FUND STILL SHORT.

Campaign Ends with Fifty Thousand Raised; Have Hope Yet.

With subscriptions received totaling \$47,362, the campaign of the Los Angeles Young Women's Christian Association for \$60,000 for its maintenance fund closed at 5 o'clock yesterday afternoon. It was announced that there were known checks in the mail, not yet received, that would bring the amount to about \$50,000.

Little disappointment was expressed by the campaign managers at the result of the drive, which, considering all the circumstances, was regarded as successful. It was decided to appoint a special committee to continue the work of soliciting subscriptions and it is hoped that the deficiency of \$10,000 will be made up within a short time.

The team captained by Mrs. C. H. Dick was the largest for the largest total collections, having brought in \$5003.

## HELD FOR ROBBING THEIR EMPLOYERS.

TWO MEN ARRAIGNED ON CHARGE OF USING MAIL IN FRAUD SCHEME.

Hyman Silver, 27 years of age, and Louis Seldene, 32, both residing in the Westlake district, were arraigned before United States Commissioner Long yesterday on the charge of using the mails in a scheme to defraud, based on a complaint sworn out by Postoffice Inspector Webster. The young men were held in \$5000 bond to answer to the federal grand jury, and the hearing was set for tomorrow.

According to the statements of Inspector Webster, Seldene was employed by Berman and Company, 342 South Broadway, and Silver by Hackle and Gutterman, dealers in cloaks and suits at 23 West Seventh street. It is charged that they carried on a systematic campaign of extracting valuable silks, serges and woolen goods from the stores of their employers, and that they had an office at 211 L. W. Helman Building, where \$1000 worth of the stolen property was found yesterday by plain-clothes men of the city police. Their peculations may run as high as \$10,000, Mr. Webster states.

It is further charged that they made many shipments of the stolen property to Harry Wiener, supposed to be in business at 129 East Eighteenth street, New York, and a telegram has been sent to New York to investigate the party that Wiener is supposed to have played in the wholesale theft.

## CAMOUFLAGE CLUB.

Organized Here by Men Who Will Stage "French Follies."

Los Angeles members of the camouflage section of the Fortieth Engineers have organized the Camouflage Club, and have opened clubrooms in the Laughlin building. The club, composed of fifty artists and motion picture men who went to war, will put on their show "The Follies of the Trenches," on April 4 and 5, similar to the performance which the soldier-artists produced the year they spent overseas. At a meeting of the club held last night the following officers were elected: President, John E. Lawson; first vice president, Cullen B. Tate; second vice president, Joseph Stutz; secretary, Harry E. Zimmerman; sergeant-at-arms, executive committee, W. M. Boni, Earl Wooden, W. A. Lee, Fred Morck, James O'Brien, Clarence De Witt, William Rebeck, George Robertson and S. L. Davis.

## FROM CUBA TO FACE FORGERY.

Appeal Lost, G. W. Billerman Comes Unaccompanied.

Had Fought Over a Year to Defeat Extradition.

Gives Five Thousand Bonds; Hearing Date is Set.

After fighting for more than a year to defeat extradition from Louisiana to California, George W. Billerman arrived unaccompanied in Los Angeles yesterday from Havana, Cuba, and gave himself up to Chief Deputy District Attorney Cryer for trial on a charge of forgery.

Billerman's legal fight to avoid trial in California was carried on the course of New Orleans to the United States Supreme Court, where a writ of habeas corpus was recently dismissed. After Dist. Atty. Woolwine went to the federal court to appear in the case.

It is alleged that Billerman sold Herbert R. Schaff, a local broker, a string of race horses at 714 Janna and represented to Mr. Schaff that to get them across the border he had to pay duty \$254. Mr. Schaff, it is alleged, gave him a check for that amount, made out to E. G. Habbitt, commercial agent of the government at San Francisco, and Billerman forged the name of Mr. Habbitt. It is charged that the check was cashed at a bank at Chula Vista by Billerman.

A complaint was issued against Billerman and Capt. Hunter, chief of the District Attorney's investigators, went to New Orleans to bring him back. Billerman then gained his liberty on a writ of habeas corpus, which was one of the few actions of that nature from here that found its way into the United States Supreme Court. Capt. Hunter was out on bonds and when he learned that the fight against extradition had gone against him, he returned from Havana and came directly to Los Angeles, instead of surrendering to the Sheriff at New Orleans.

He was arraigned before Justice Brown yesterday. Mr. Cryer and Deputy District Attorney Hill appearing to pass upon his bonds of \$5000. His hearing was set for April 4 before Justice Forbes.

## SHORT ON SHIRTS.

So Says Charlie Murray, Who Asks Detective to Keep Investigating.

The police refused to be downed by a mere mystery involving the theft of comedian Charlie Murray's dozen silk shirts, to say nothing of his silk hose and a fur coat. While one Don I. Kelly enjoys a vacation in the city jail, slacks are investigated by the city police and investigating Kelly's record. For though Kelly is in jail, some of the Murray shirts are still among the missing.

Mr. Murray lives at 422 South Hoover street. The robber did his robbing on March 16. Since then Mr. Murray has not gone shirtless, but he did mourn his jazz shirts and his missing suits.

While walking down spring street, some days ago, Mr. and Mrs. Murray saw one of the ex-Murray suits in the window of a cleaner, Sherlock-like Mr. Murray secured the address of the person who had left the suit, the arrest of Kelly and the recovering of some of the Murray shirts followed. Kelly says now Mr. Murray's count of the shirts and socks and suits was much too much. Mr. Murray's resort is that Kelly cannot count.

## BOY ASKS ANNULMENT.

Seventeen-Year-Old Would Part With Bride of Same Age.

Victor B. White, 17 years old last December, sought an annulment of his marriage to Mabel White, also 17, in Judge Avery's court yesterday. The suit was brought through the lad's mother, Carrie White, as guardian.

Victor stated in court that a man representing himself as a relative advised him to marry the girl and this man gave him the consent at the time the license was obtained. Judge Avery will render his decision when certified copies of the marriage record is offered in evidence.

## CITY WON'T SELL MEAT.

Council Denies that it Contemplates Opening Stations.

The Retail Butchers' Association of California sent a communication to the City Council yesterday, stating that it had been informed the city had in mind the appropriation of \$100,000 for the purpose of establishing distributing stations for the distribution of groceries and meat to the general public. A vigorous protest was made, and the unfortunate showing made by the municipal markets and the so-called municipal fish market was mentioned. The Councilmen denied that such a plan was contemplated, but it was admitted that some such inference could be drawn from the report of the municipal markets.

**POSTPONE HEARING.**

The City Council yesterday postponed until today the hearing on the protest against improvement of North Figueroa street, from Ramona to College street. The total frontage is 1998 feet and only 150 feet is represented on the petition to improve. The Board of Public Service Commissioners is one of the protesters, and the major portion of the street frontage is city property that would be along the improvement, as it would be left far above grade of the street.

Mr. Wrigley will be host today at Catalina Island to a party of fifteen Chicago newspaper men who are visiting Southern California. The party, including a number of notable sporting writers, will be entertained at a luncheon at the St. Catherine Hotel and afterward with a bicycle ride on the island. Mr. Wrigley will leave for Chicago next Tuesday, expecting to return within a month to his club in Los Angeles. Affairs will be looked after by David Blankenhorn.

Mr. Blankenhorn yesterday announced the appointment of Clyde Opelt, formerly manager of the Feather River Inn, Idaho, as manager of the new St. Catherine Hotel. Mr. Opelt was, for many years, associated with San Francisco hotels. He will take charge at Catalina today.

## SCANDAL STIRS CITY CIRCLES.

(Continued from First Page.)

U. and Mrs. Cora Deal Lewis were participants in the meeting. It was announced that the association will continue its policy of setting the best men possible to fill their nominating petitions for the municipal offices to be filled, and as soon as the time for filing has expired the association's nominating committee will make its report and recommendations on the ticket to be supported by the organization.

The nominating petitions of James Britt for City Council have been checked by the City Clerk and yesterday were declared to contain the proper number of qualified signatures to give him a place on the primary ballot.

Henry N. James's campaign for City Attorney was launched Tuesday at a lively "get-together" luncheon in the Broadway Department Store cafe, which was attended by about seventy-five members of the Los Angeles bar.

The toastmaster was Charles D. Houghton, a close personal friend of Mr. James and, in short, snappy speeches by Robert Mitchell, Mayor of Sierra Madre; Judge W. H. Thomas, of Division Two, District Court of Appeals; Ira Burns, C. E. Haas, City Prosecutor Widener, John J. Hill, William W. Bearman, Charles E. Burdick, Councilman Hill, Theodore Summerland, Thomas Kempton Kase and others. In his response Mr. James expressed his deep appreciation of the kind sentiments expressed for his candidacy.

## CARE NOT REWARDED?

Woman Says Man Promised Her a House and Failed to Give It.

Mrs. Emily Burwell declares that she felt her home in Seattle and went to Long Beach on the invitation of Frank Zoller, to care for him. In return for her services, she says, he told her he would give her the house in which he was residing, the value of which is \$4000.

Yesterday Mrs. Burwell, who is represented by the late councilman John Craig, was in Judge Hewitt's court seeking to have Mr. Zoller deed the place to her. Mr. Zoller declined to make the deed and made things no more comfortable for her, she was forced to leave. Former Mayor Wheaton represents Mr. Zoller.

## ANGELENO ON FOOD BODY IN RUMANIA.

LIEUT. JOHN DOANE HARTIGAN MEMBER OF HOOVER COMMISSION THERE.

Lieut. John Doane Hartigan, son of Frank E. Hartigan of 2150 Trinity street, is now in Bucharest as one of a commission of five United States army officers charged with the supervision of food distribution in Rumania. A letter was received in this city yesterday from Lieut. Hartigan dated at Constantinople, February 1, announcing his expected arrival at Bucharest the next week. He is supported at Constantinople on board the Nahoma, flagship of Admiral Bristol.

Lieut. Hartigan, who is a graduate of Los Angeles High School, and of the University of California, won the Legion of Honor in Belgium and Chateau Thierry when serving in the Aviation Corps. Subsequently he was commissioned to compile a history of the American aviation service in Europe.

According to his letter from Constantinople, Lieut. Hartigan's trip in Rumania will be along the same lines as the other Hoover commissions in Northern France, Belgium and other Allied countries of Europe.

## OFFERS LOT FOR JAIL.

The Fourth Church of Christ, Scientist, has offered to sell to the city a lot on the east side of Hill street, adjacent to the Police Station, for City Jail purposes. The City Council yesterday refused the offer to the Police Commission.

### These Are Lively Days of Good Business—But No Man Can Afford to Be too Busy to Forget His Clothes!

—Good business and good clothes go well together—the man of today knows what appearance counts for, knows that clothes are a definite factor in his progress towards prosperity.

—Now is the time to step out face to face with the world in a new spring suit—

—Hamburger's is ready to serve you with—

## New "Wilshire" Suits—35.00

—Personally selected from the country's most prominent clothiers—clothes that "measure up to standard," for they are to sell at Hamburger's under our own "Wilshire" label.

—Fabrics are new and modern—skillfully tailored in smart spring styles to meet our exacting requirements.

—Especially we want to speak of a new 35.00 suit of flannel cloth—designed with spring styles that younger men demand. You'll notice the high waist line, the long vent, novelty patterned with black, backs with inverted pleats, the skeleton lining of silk.

—To be had in blue, brown or dark green flannel cloth—35.00.

## A Test of Quality

During the war you could get ordinary coffee—but you couldn't buy G. WASHINGTON'S COFFEE.

The Government, because it wanted the best for the boys in the trenches—took all the G. Washington's Coffee!

Now that G. Washington's Coffee is back from the war—why shouldn't you have the Best?

Pure coffee, ready for instant use—made in the cup at the table.

Delicious—certain—uniform.

### WAYS TO EXPAND.

Foreign Trade Lecturer Tells of Opportunities for Us.

Outlining the possibilities that lie within the reach of the United States for foreign trade extension, Lieut. Maurice Boyer, of the French high commission, spoke last evening before the Foreign Trade Club of the Chamber of Commerce. He said the recuperation of Germany is bound to be slow and difficult. That country, he declared, is practically a commercial outcast, and as such will have the bitterest competition in resuming commercial relations with other nations. He outlined a phase of the internal situation in Germany, and said that with the present chaotic state of the country it is practically impossible for some time to come.

### SHOT BY BANDIT.

Nerry Man who Refuses to Hold up His Hands is Wounded.

Shot by a bicycle bandit while walking west on Washington at Toberman street, Burt Otstot of 1119 West Washington street, a salesman, was given emergency treatment at the Receiving Hospital late last night for a bullet wound in his right arm. Mr. Otstot says the bandit rode up to the curb on a bicycle and demanded that he throw up his hands. Instead of doing so Mr. Otstot leaped at the man, who then fired, the bullet piercing Mr. Otstot's right arm below the shoulder. Leaving his bicycle and cap the bandit disappeared south on Toberman street.
